General Wallace H. Greene, Jr., USMC
 Commandant of the Marine Corps
 Hqs. USMC
 Room 2004 Navy Annex
 Arlington, Virginia

Dear General Greene:

I understand that you requested from this Agency some time ago a memorandum on shipments of material through the port of Sihanoukville. I regret that I am unable to identify a request of this description from your office. Our records do show, however, a similar request dated 6 January 1966 from the Office of Naval Intelligence on behalf of the Chief of Naval Operations. I attach copies of the memorandum we provided in response to this request.

I hope that this will meet your requirements. If additional information is required, we will be glad to provide it.

NSA, USMC reviews completed

 Deputy Director for Intelligence
